\$5.00 per 100. Cash on delivery of Eggs.

Orders booked in rotation. Orders are now coming in and if you wish to get early chicks, you would be well advised to place your order as soon as possible.

W. E. Spivey, Box 14, Crossfield, Alta.

Calgary Shamrocks & Crossfield Hockeyists

In an exhibition game on Wednesday night local hockey fans witnessed one of the best and cleanest hockey games played this season, between the Calgary Shamrocks and the local aggregation. The game was keenly contested throughout and both goalies were kept busy throughout the three three periods, and both made some spectacular saves. The visitors showed superior team and combination play and well earned the 5-3 victory.

For the locals A. Robertson, R. Smart and the goalie were the outstanding players, with A. Stevens and Borbridge on the forward line working hard. A feature of the game was two unassisted goals by Robertson and Borbridge. The Shamrocks held sway during the entire game and were never in danger of losing the lead.

Two home and home games are being arranged between Airdrie and Crossfield. Tee losers to put up the chicken supper.

A very enjoyable evening was spent at the home of Mr. and Mrs. Devine, on Tuesday, Feb. 26th. Court what being in order. Miss G. Williams was the lucky lady and Mr. Patterson the lucky gentleman, Miss S. Gordon and Mr. Glen Williams received the consolation. A dainty luncheon was served by Mrs. Wilson and Mrs. Devine. Those present were: Mrs. Devine, Mrs. Wilson, Mrs. L. Nichol, Miss Gordon, Miss Willis, Miss Williams, Mrs. Mielond, Miss M. A. Gazeley, Mr. Devine, Mr. Geiger, Mr. G. Williams, Mr. McMillan, Mr. H. McFadden, Mr. Stillwell, Mr. Patterson, Mr. B. Murdoch.

Coming Auction Sales

Mr. W. K. Harkness who resides half a mile south of Crossfield is disposing of his entire farm equipment by public auction, on Friday, March 15th. J. W. Durno, is the

John Robertson who resides 15 miles west and 8 miles north of Crossfield is selling his entire farming equipment by public auction, on Tuesday, March 12th, 1929. Archie Boyce is the auctioneer.

Mr. Ole Aasmussen, 3 miles north and 4 miles west of Crossfield, is holding an auction sale at his farm on Wednesday, March 27th, Archie Boyce is the auctioneer.

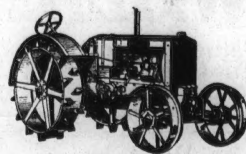

Sharkey Gets Decision Over Stribling

The heavy weight fight between Jack Sharkey and Stribling at Miami Beach, on Wednesday night ended at the finish of the 10 rounds with Sharkey getting the decision.

New Industry Promised for Edmonton

Another new industry of considerable importance is promised for Edmonton in the announcement made during the past week that Messrs. Dingwell and Dixon have purchased property in the city for the erection of a plant to be known as the Standard Iron works. Construction will be started shortly on the plan, which when in full operation will employ some sixty men.

The Noxious Weeds Menace

This is an age of conventions. They are a natural growth and outcome of the more complex and highly organized development of modern life. They are, too, a recognition of the fact that the principles and methods of co-operation are, in many ways and to a large extent, replacing the old individualistic ideas and efforts of the past. This is not to say that the value of individual responsibility and initiative has been, or is to be, discarded; rather, that in this age of rapid transportation and communication the old isolation has disappeared and peoples and nations are brought close together. They must, therefore, not act unilaterally rather than as distinct and separate entities.

This by way of introduction to a reference to a recent gathering held in Saskatchewan at the call of the Provincial Minister of Agriculture, namely, the first Saskatchewan Weed Conference. It was not a large and spectacular convention as many present-day conventions are, but in the importance of the problem it met to consider, it took second place to none. And while it was a Saskatchewan conference, its deliberations and findings were of equal value to the other prairie provinces.

The conference was summoned in recognition of the fact that weeds are making tremendous headway in Western Canada, and that some action must be taken, over and above the preventive policies or the past, if the inroads of weeds and the consequent enormous loss to the farmers and the country as a whole is to be checked.

The conference was attended not only by officials of the Saskatchewan Government, municipalities and farmers' organizations, but by Dominion Government officials, representatives of the railways, mortgage and loan companies, manufacturers, business men, merchants—in a word, every organization having a vital interest in the productive capacity and prosperity of Western Canada.

It was frankly and unanimously agreed that the whole country must be aroused and organized in a campaign for the destruction and elimination of weeds. The only alternative is a rapidly decreasing agricultural production both in quantity and quality, smaller returns to the farmer, and decreased business and prosperity for all.

The duty and responsibility of the individual farmer in the matter of keeping his own land free of weeds was in no sense minimized, but it was recognized that, human nature being what it is, some men will neglect their duty, and while they themselves suffer as a result of such neglect, they also inflict loss upon their neighbors who are doing their duty, and upon the community and country as a whole.

The need, therefore, for concerted Government and municipal action was emphasized, and the absolute necessity, in the interest of all, for more drastic control recognized.

It was realized that not only must existing weeds be brought under control and eradicated, but that many more efficient measures must be taken and greater precautions observed to put a stop to the sowing of weed seeds and the propagation of the weed plants.

It is not possible in this article to discuss all the phases of this intricate problem, but at this season of the year, when farmers are beginning to think about and plan their work for the spring, one factor may well be stressed. That is, the importance of sowing good, clean seed and not a mixture of grain, good and bad, and weed seeds.

The astounding discovery was made by the seed drill survey conducted in Saskatchewan that 70 per cent. of the seed sown in the province was lower than No. 2, due largely to the inefficient operation of farm fanning mills. In other words, while farmers and governmental authorities on the one hand are fighting weeds, the farmers in the sowing of their crops are planting thousands of bushels of weed seeds.

The first step towards victory over the weed enemy is to put an immediate and definite stop to the planting of weed seeds in prepared soil. If the propagation of weeds is continually carried on and assisted in this way, it must be recognized that the weed menace will grow, and that final victory will rest with it and not with the farmer.

The spring slogan for all Western farmers in 1920 should be: Look to your seed grain. See to it, above everything else, that it is good, clean seed. If weed seeds are sown, it is inevitable that weeds will be harvested. Remember, it is still everlastingly true in farming as in all the activities of life that, whatever a man sows that shall he also reap.

During the World War a person's politeness is one of the best investments known. It pays enormous dividends.

To Check "FLU," Grippe

Fights the Germs in the Throat Before They Invade Other Parts of the Body.

EFFECTIVE PREVENTIVE MEASURES EXPLAINED

Simple precautions taken now will enable you to fight dreaded "Flu" which is sweeping rapidly through the whole country. The germs of influenza gain access to the body through the mouth and throat. Keep the throat healthy and you go a long way towards stopping the trouble. An effective means of prevention is to gargle the throat three or four times daily with Nerville. Half a teaspoonful of Nerville in water makes a most efficient gargle. The germ-killing properties of Nerville quickly destroy any bacteria in the mouth or throat. If the chest is sore, if the throat is hoarse, if you have a cough—be sure, to rub the neck and chest with Nerville. Every drop of it will rub in, and out will come the congestion.

Of course it is absolutely necessary to house-clean the system with Dr. Hamilton's Pills which stimulate the eliminatory organs, and rid the system of disease-breeding wastes. This combination treatment of Nerville and Dr. Hamilton's Pills will give prompt and entirely satisfactory results.

Lieutenant-Governor Appointed

J. D. McGregor, Brandon, to Succeed Late Hon. T. A. Burrows

J. D. McGregor, Brandon, has been appointed lieutenant-governor of the province of Manitoba. Mr. McGregor succeeds the late Hon. T. A. Burrows who died in Winnipeg recently. Announcement of the appointment was made by Premier W. L. Macdonald King at the conclusion of a meeting of the cabinet.

The lieutenant-governorship was offered Mr. McGregor several days ago, and from his home in Brandon, he announced acceptance of the post, stating that he considered the appointment as a compliment to the agricultural interests of the province rather than to himself personally.

WAS ALWAYS AILING NEVER FELT WELL

Health Restored Through the Use of Dr. Williams' Pink Pills

"I am one of the many who have found health through the use of Dr. Williams' Pink Pills," says Mrs. Everett Dowe, South Nelson, N.B. "For some years I never felt well, and at times was so weak that I would be confined to bed. At the very ailing condition and found it difficult at all times to do my housework. I was subject to headaches, poor appetite, breathless at the least exertion, and very pale. Before Dr. Williams' Pink Pills were recommended to me I had tried several medicines but without any good results. I had become completely discouraged and felt that I would always be an invalid. A friend strongly urged me to take Dr. Williams' Pink Pills, and finally I consented to do so, but without much hope that they would help, where other medicines had failed. But in this, to my joy, I was mistaken. I had not been taking the pills very long when I knew they were helping me. As I continued their use I found my appetite improving, I slept better at night, and my strength was gradually returning. I continued taking the pills for several months when I again found myself a well woman, and I believe that Dr. Williams' Pink Pills would today be a helpless invalid. The pills have since been taken by others in our family, with the same beneficial results. I strongly urge every weak woman to try this grand health-building medicine."

If you will send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., a little book, "Building Up the Blood," will be mailed you postpaid. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Silver Foxes for Italy

A number of silver foxes have been sent from Canada to ranches in the Italian Alps, where ranching conditions are stated to be ideal, and where the fox farming industry is showing a steady growth.

Exhausted from Asthma—Many who read these words know the terrible drain upon health and strength, which comes in the train of asthmatic troubles. Many do not realize, however, that there is one true remedy which will usually stop this drain. Dr. J. D. Kellogg's Asthma Remedy is a wonderful cure for this exhausting ailment. It has a countless record of relief to its credit. It is sold almost everywhere.

As a molecule of water passes through the pores of your skin it is like a man passing through a gate seven miles wide.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Expellant has proved a boon to suffering children everywhere. It seldom fails.

New Air Service Planned

Air express and passenger service between Winnipeg and United States points will be established within a month on a tri-weekly basis, according to Capt. P. T. McCarty, president and operating manager of the International Airways, Inc., of Seattle. The service will be in co-operation with the Western Canada Airways, Limited.

He—I suppose I'm only a pebble on the beach of your life?

She—That is true, but you might stand a chance if you were a little boulder.

Cuticura Soothes Burning Aching Feet

Bathe the feet for several minutes with Cuticura Soap and warm water, then follow with a light application of Cuticura Ointment, gently rubbed in. For tired, hot, irritated feet this treatment is most comforting. Cuticura Talcum is cooling and refreshing.

Sample Box Free by Mail. Address Canadian Depot: Cuticura, Ltd., Montreal. Price, Soap Six Cents; Ointment, Talcum, Each Five Cents.

Advances New Theory

Baltimore Physician Says Lack of Lime Makes People Irritable

More lime in the diet as a preventive for divorce was urged by Dr. George Walker, addressing the National Housewives, Inc., at Baltimore. Absence of lime, he declared, makes a woman nervous and a man cruel—hence family troubles result. When there is every appearance of a home being wrecked Doctor Walker suggested that lime, as found in a pint of milk, added to the diet of a couple daily for two weeks in all probability would adjust matters, restore amiability and keep the home intact.

He also would add two oranges a day for each and a quarter pound of cold slaw at least three times a week.

Built To Auto Design

First British "Flauto" of This Type Put on Market

Britain's first airplane to be built to automobile design has been placed on the market under the name of Simmonds Spartan light plane.

The craft has four wings, which are interchangeable in the same way that the four wheels of an automobile are interchangeable. There also is a spare wing which is carried for emergencies.

The new machine is fitted with a four-cylinder, air-cooled engine of 30-85 horse-power. It recently was tested on a non-stop flight from London to Berlin, 620 miles, in six hours.

It Bids Pain Begone—When neuralgia racks the nerves or lumbago cripples the back is the time to test the virtues of Dr. Thomas' Electric Oil. Well rubbed in it will still the pain and produce a sensation of ease and rest. A trial of it will establish faith in it.

When the plumber died his wife took no chances. She buried his tools with him.

Shipping Sets New Mark

New Westminster Exceeds 1927 Record by Forty-five Ships

A new mark in shipping was set at New Westminster during 1928, exceeding by 45 ships the 1927 record of 183. The figure does not include the coastwise shipping, which is handled through the Department of National Revenue. The net tonnage of the ships handled through the harbor commissioners' office was 625,271 tons and the gross 984,388 tons, compared with 483,003 and 776,229, respectively, in 1927.

Protect Your Children From "Flu," Grippe

A WARNING TO PARENTS!

Flu germs are everywhere today. They reach the system through the nose and throat. Mothers can protect their children in a very simple way.

Take a saucupan of water, place it on a lamp or stove. Add a half teaspoonful of Catarrhoxone to a pint of water, which is brought to a boil. Let the steam from the kettle fill the room so that the medicated air is breathed by the child. This germ-killing vapor disinfects the child's breathing organs and kills the "Flu" germs.

Catarrhoxone Vapor stops cold, prevents Grippe, relieves Sore Throat, prevents Flu. Safe and efficient. Just as good for adults as for children. If you keep the air in your home disinfected with Catarrhoxone Vapor you are well protected from dangerous Flu, Influenza, Grippe, and Colds. All druggists sell Catarrhoxone in 50c bottles.

New Brunswick's contribution to Uncle Sam's Yuletide celebration included some 3,000,000 Christmas trees—the greatest number ever shipped from the province.

Minard's Liniment prevents Flu.

The Adirondacks contain more than 100 scenic lakes.

Demand

ASPIRIN

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it is not! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

**Physicians prescribe Aspirin;
it does NOT affect the heart**

Aspirin is the trade mark (registered in Canada) distinctive Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

An INVITATION

SPECIAL PRESENTATION of The Outstanding Chevrolet of Chevrolet History

EVERYONE is familiar with Chevrolet's brilliant record of past success, but the new Chevrolet represents the most spectacular of all its achievements introducing a new conception of motor car value.

It is with pleasure, therefore, that we announce our ability to secure the services of a Chevrolet factory expert to conduct for us a special presentation of the Outstanding Chevrolet of Chevrolet History.

This presentation comprises a complete, thorough explanation of this sensational new car—and, in addition, a special series of illuminated slides and a motion picture of unusual interest entitled "With Chevrolet Across Canada."

Everyone is interested in the latest automobile developments! Everyone is cordially invited to attend! Make a note of the time and place.

High River Curlers Guests of Local Curlers

Two Rinks from High River motored to Crossfield on Wednesday to play friendly games with the local curlers. After a very enjoyable afternoon spent at the rink, with High River winning both games by a narrow margin the players partook of a luncheon at the Oliver Cafe. After lunch several speeches were delivered by members present.

Weekly News Bulletin Issued by Publicity Commissioner Government of Alberta

Sugar Beet Crop is Valuable

The value of Alberta sugar beet crop in 1928 is placed at \$241,900, according to figures compiled by the Department of Agriculture. Some 5,200 acres of beets were harvested yielding an average of 7.22 tons per acre which will bring growers an estimated return of \$7.75 per ton. Officials of the Sugar Factories Limited report a steadily growing interest in this industry in the southern part of province, and predict that the acreage planted in 1929 will considerably exceed that of last year.

Three Institutes of Co-operation to be Held

Arrangements are now being made to hold Institutes of Co-operation at three points in the province in 1929 similar to that conducted in Edmonton last season. Lethbridge, Qids and Vermilion have been selected at suitable points for these meetings which will be held during the week of June 24th to 29th. The services of a number of outstanding authorities on the various phases of co-operative activity have been secured to address these meetings and to bring to the attention of Alberta farmers recent developments in co-operative work in many sections of the continent.

Sale For Worthless Horses

Montana Packing Plant Will Require

Seventy head of horses. Surplus range ponies which now are more or less worthless, may find a market at the horse meat packing plant just opened in Grand Falls, Montana. Southern Alberta has hundreds of nondescript range horses roaming the prairies, eating up valuable grass and the Great Falls plant may be in a position soon to handle many of these animals for it will require 70 head daily. The output will be shipped to Continental Europe where horse meat is a staple commodity.

NO MEDICINE LIKE BABY'S OWN TABLETS

For Either the Newborn Babe or the Growing Child

There is no other medicine to equal Baby's Own Tablets for little ones—whether it be for the newborn babe or the growing child. The Tablets always do good. They are absolutely free from opiates or other harmful drugs and the mother can always feel safe in using them.

Concerning the Tablets, Mrs. John Armour, R.R. 1, South Managahan, Ont., says: "We have three fine, healthy children, to whom, when a medicine is needed, we have given only Baby's Own Tablets. The Tablets are the best medicine you can keep in any home where there are young children."

Baby's Own Tablets are a mild but thorough laxative which regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fever and make feeding easy. They are sold by medicine dealers or direct by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Discovers New Island

Commander R. E. Byrd in a flight over King Edward VII Land discovered a new island and 14 peaks according to a radio message from the Byrd South Pole expedition copyrighted by the New York Times and the St. Louis Post Despatch.

Use Minard's Liniment for the Flu.

It is not doing the thing we like to do, but liking the thing we have to do that makes life blessed.

Chemists are now trying to make artificial cotton wool from fibre.

Nervous and Run Down The Least Noise Would Bother Her

Mrs. R. Burton, Oshawa, Ont., writes: "Three years ago I was nervous and run down I could hardly bear to have the children make a noise it would bother me so."

"A friend advised me to take

and after taking two boxes I began to feel stronger, looked better and the color came back into my cheeks, and now I am feeling fine again." Price 50c, a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

W. N. U. 1771

WORLD HAPPENINGS BRIEFLY TOLD

The freighter Port Curtis arrived recently at Halifax from Auckland with more than 5,000,000 pounds of New Zealand butter, a record cargo. The Rockefeller foundation has donated \$55,000 to McGill university for medical research to be paid over four years.

A treaty between the United States and Japan to aid in the prevention of smuggling of alcoholic beverages into the United States has been ratified by the senate.

Leon Trotsky, whose opposition to the policies of the Soviet's leaders in Moscow caused his expulsion from the Communist party and his exile in Turkestan, was en route to Constantinople, it was revealed in authoritative advices received at London.

CORNS Relief in 2 Minutes

Just a drop or two of Putnam's Corn Extractor, and the pain goes away. Relief is almost instantaneous. Removing corns with "PUTNAM'S" is so easy, so sure, so painless—thousands use this wonderful remedy every day. It is the best. Don't suffer any longer, use Putnam's Corn Extractor, the one sure relief for corns. Sold at every drug store.

Mendicancy De Luxe

Young Englishman Stimulating Pabey

Collected Large Sum Daily. In the opinion of G. K. Chesterton, complete social equality in England will not be achieved until a costermonger may wear a monocle without exciting remark. It would be interesting to have his comment on the discovery by the police of a professional beggar with a valet. A young man, only 23, he was busily engaged in putting Mr. Ford's doctrine into practice and spending his easy earnings in ways which he thought to his own advantage when the authorities evinced an acute curiosity concerning the source and extent of his finances. A country house, with completely equipped billiard room, is another of his luxuries. His income, produced by stimulating pabey, has amounted to as much as \$100 in a day. Subway travelers, observing his pathetic figure, have been deeply touched—for sums from 10 cents up to \$5—have been given to him. The interruption of this enterprising mendicant's activities, just at the threshold of the prosperous holiday season, must have been especially bitter.

LONG SLEEP MAKES BABY HAPPY AGAIN

"Our baby kept waking up several times a night, until we started giving him a little Castoria after his last nursing," says an Iowa mother. "He slept soundly from the first night and it made him look and feel worlds better." Baby specialists endorse Fletcher's Castoria; and millions of mothers know how this purely vegetable, harmless preparation helps babies and children, with colic, constipation, colds, diarrhoea, etc. The Fletcher signature is always on the wrapper of genuine Castoria. Avoid imitations.

Should Procure Out Seed. Farmers of Alberta are advised by the Provincial Department of Agriculture to make the necessary provision for securing the supply of oats for seed which they will require for their 1929 crop. The effects of frost in a number of districts are reflected in a reduction in the germinating quality of a great many of the oats threshed.

Only the uninformed endure the agony of corns. The knowledge one apply Holloway's Corn Remover and get relief.

Vancouver Port Improvements. The Vancouver Harbor Board is understood to be seeking federal permission for launching a construction program involving \$5,000,000 of port improvement. The proposed works include a deep sea pier, the first unit of a cold storage plant, a coastwise pier and extensive additions to the present grain storage capacity of the port.

Minard's Liniment for Coughs and Colds.

CHL BLANS

Zam-Buk soon allays the inflammation and swelling, ulcers, itching pain, and sties. Where skin is broken, it is especially valuable because of its quick healing and antiseptic power.

Zam-Buk

Last Word in Cruisers

Germany's Latest Ship Makes Prospect of Other Countries Obsolete

According to the description which Hector C. Bywater, the Baltimore Sun's special correspondent gives, the new German armored cruiser Ersatz Prussien is a triumph of concentrated power. Keeping within the narrow limit of 10,000 tons for armored ships imposed upon her by the treaty of Versailles, Germany has constructed a ship which has the fighting effectiveness of a dreadnought, the speed of a cruiser and the hitherto unheard-of cruising radius of 10,000 miles. In addition, the new cruiser has other novel features which add immensely to its strength, and altogether it represents a production that tends to make the latest ships of other countries immediately obsolete.

How Best to Use Vicks VapoRub After the Flu

Late Winter Colds Are Doubly Dangerous This Year! Don't Let Them Get a Start

AVOID PNEUMONIA OR A SECOND ATTACK OF FLU

If you catch a fresh cold, don't keep it overnight. If possible, go home and go to bed. Take a laxative and a hot, moist, steamy bath, wet towels over throat and chest until the skin is thoroughly reddened. Then rub vigorously with Vicks. Spread on thickly and cover with warm flannel.

Have the bed-covering loose, so that the vapors, released by the body-heat, may be freely inhaled. At the same time, Vicks acts through the skin like a poultice.

Repeat this treatment every four hours, eat lightly, and stay in bed until the cold is broken. Complete rest helps the body throw off the cold more quickly.

Mothers especially appreciate Vicks for the children. As it is applied externally, it can be used freely and without upsetting delicate digestions, as too much "dosage" is so apt to do.

Skipping Motor Age

China Is Now Turning Her Attention to Aviation

China, if the signs are read aright, is about to "jump" the automobile age and pass directly to the aeroplane and all that it embraces. "This is not to say that motor car manufacturers may not find a lucrative field in the 18 provinces which comprise China proper, for the automobile is making inroads there; but it is almost certain that before the motor vehicle has become to the east what it has become to the west, aviation will have found acceptance as a common means of conveyance."

For Scalds or Burns.—Dr. Thomas' Electric Oil is a standard remedy for the prompt treatment of scalds and burns. Its healing power quickly soothes the pain and aids a speedy recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as for relieving the pains arising from rheumatism in various kinds. A bottle in the house and stable saves many a doctor's and veterinarian's fee.

The longest telephone call in the British empire is from London to Vancouver, a distance of 7,000 miles. The charge is about \$15 a minute.

Miller's Worm Powders will eradicate the worm evil that bears so heavily on children and is believed to cause many fatalities. They are an acceptable medicine to children and can be fully relied upon to clear the food channels thoroughly of these destructive parasites and restore the inflamed and painful surfaces to healthfulness. They are an excellent remedy for these evils.

SUNDAY SCHOOL LESSON FEBRUARY 10

REPENTANCE AND FAITH

Golden text: Repent ye, and believe in the gospel. Mark 1:15.

Lesson: Isaiah 1:10-20; Ezekiel 18:20-23, 27-32; Mark 2:1-12; Luke 3:1-14; 15:11-24; Acts 2:32-39; Hebrews 11:1-10.

Devotional reading: Psalm 27:1-5.

Explanations and Comments

Jesus Is Sovereign and Messiah. Acts 2:14-36—Peter is speaking to Jews, and his first object is to prove that Jesus fulfilled Old Testament prophecies and expectations in regard to the Messiah, hence he tells them (verses 15-21) that the events of Pentecost which had so amazed them are but the fulfillment of Joel's prophecy (Joel 2:28-32), that at the coming of the Messiah God's Spirit would be poured forth, and old and young, men and women, bond and free, would see visions and speak divine truths.

Then Peter takes up his great theme that Jesus is the Christ, and gives three proofs. First, there are the miracles which his hearers had themselves witnessed. Second, there is the resurrection, of which they all are witnesses: God had raised Jesus from the dead to higher life and wider power. Third, there is the pouring forth of the Holy Spirit at Pentecost, which they have seen and heard: Jesus still lives and cares for His followers, for it is He who has sent the Spirit. Furthermore, the resurrection and exaltation fulfill a prophecy of David, as given in Psalm 110:1.

The Lord said unto my Lord, sit thou on my right hand, Till I make thine enemies the footstool of thy feet.

Two different Hebrew words for Lord are used in the first line, and the meaning is, Jehovah said unto the Messiah. David could not have been speaking of himself, for David did not ascend into the heavens. "Sit thou on my right hand" means, by partaker of the divine glory and dominion. "Till I make thine enemies the footstool of thy feet" is an expression denoting complete victory, which originated, no doubt, from the ancient custom of conquerors putting their feet on their enemies' necks.

Then comes the climax of Peter's sermon: "Let all the household of Israel therefore know assuredly that God hath made him both Lord and Christ, this Jesus whom ye crucified."

"Are there any questions?" "Yes, sir. "How do you calculate the horse-power in a donkey engine?"

COMPLEXION IMPROVED ... QUICKLY

Look-Fit Be-Active! Get rid of that pasty, sallow, bleached complexion! Instead of spending many dollars on fancy creams and skin lotions, buy a 25c pkg. of Carter's Little Liver Pills and remove the constipation poison. Your skin will be quickly cleared, and your health improved. All Druggists 25c and 75c red boxes. **CARTER'S LIVER PILLS**

FOR SALE—Fully equipped farm of seven quarter sections in the Leader district. \$5,000.00 will handle; balance half crop payments. Owner retiring. Apply to S. W. Keston, Leader, Sask.

Alberta's Farm Wealth The Calgary Herald says that in 1906 the Province of Alberta had a farm wealth which was estimated at \$50,000,000, while in 1927 it had jumped to \$338,161,458. And while it produced about 6,000,000 bushels of wheat in the former year, in the latter it yielded 62,000,000 bushels. We wonder what 1947 will show!

FLU

Claims Many Victims in Canada and should be guarded against.

Minard's Liniment

Is a Great Preventative, bring one of the oldest remedies used. Minard's Liniment has relieved thousands of cases of Grippe, Bronchitis, Sore Throat, Asthma and similar diseases. It is an Enemy to Germs. Thousands of bottles being used every day. For sale by all druggists and general dealers.

Minard's Liniment Co., Ltd., Varnmouth, N.S.

A Real Literary Find The New York Times says that one of the greatest rarities in United States literature, a first edition of Edgar Allan Poe's "The Murders of the Rue Morgue," has been found in a pile of old books which a second-hand dealer bought for a trifle.

Before news of the discovery became public, however, the volume was bought for \$25,000 by a New York book collector.

VITAMINS

Everyone needs them to support growth or to protect the body against germ-infection.

Scott's Emulsion

abundantly rich in vitamins is of great importance in all run-down conditions of the body. Scott's Emulsion builds strength. Scott & Bowne, Toronto, Ont. 25-41

RIVALRY SEEN BETWEEN ITALY AND FRANCE

Toronto.—The Mail and Empire publishes the following special cable from Paris:

"A factor in the world naval situation which hitherto has been obscured by Anglo-American discussion of the limitation of naval armaments is the growing rivalry between France and Italy in the Mediterranean, as reflected in their building programs. For the first time much prominence is being given to this subject here and it may fairly be suspected that the British 'his navy' party is preparing to counter any suggestions for a naval holiday with the United States by pointing to the danger to British interests in European waters as necessitating more cruiser building.

Hector J. Bywater, well known naval expert in a column article in the Daily Telegraph analyzes in startling terms the French-Italian building race and speaks of the Mediterranean as 'one of the main arteries of our empire.'

"No neutral can hope to conduct business as usual in a zone of active warfare," he finds proceeding to pile up statistics intended to prove his contention. "That France and Italy are now in open rivalry for strategic control of the Mediterranean is the only possible inference to be drawn from recent developments.

Secures Desired Land

Veteran of C.E.F. in Siberia Files on Peace River Homestead

Peace River.—After waiting from Friday, January 18 until Monday morning, January 28, G. Turcotte, Falher, was successful in securing the land of his choice, a homestead in the Falher district that had been under lease but recently was thrown open for filing. Ten days of terrible sub zero weather with the thermometer ranging from 30 below during the day and down to almost 50 during the long nights he endured.

Turcotte did not have it all his own way for Corporal McDonald of the mounted police was on hand to prevent disorder. He ordered Turcotte to remove his hand from the door knob so that the door could be opened. Another man named Turcotte was on hand and secured it while the door was opening, but Turcotte was in the most favorable position and squeezed in first.

Studying Aircraft Device

Dominion Government May Establish Direction Finding Apparatus Service

Ottawa.—For the purpose of ascertaining what the United States is doing in the field of direction finding for aircraft by radio, Maj. W. Arthur Steel, one of the senior officers of the signals service, department of national defence, has gone to Washington, New York, and other points, to obtain information for Canada. Direction finding apparatus has been used to advantage in the operation of aircraft in several countries and the Canadian government is considering establishing such a service in the Dominion.

Has Remarkable Record

Winnipeg.—John McDougall, veteran sergeant-at-arms of the Manitoba legislature, is in indifferent health at present, and for a second time in half a century may not be well enough to attend the opening of the house on February 11. Last year he was ill too, and was the first time in 50 years that he was unable to carry the mace on an opening occasion.

World's Largest Theatre Sold

New York.—The Hippodrome, the world's largest theatre, has been sold for approximately \$6,000,000. Although the purchaser, Frederick Brown, a real estate operator, would not disclose his plans, it was indicated that he had a new project in mind for the site, and that the theatre might be razed.

W. N. U. 1771

Aid For Civil Aviation

Flying Clubs Will Be Given Thirty-two New Planes This Year

Ottawa.—Thirty-two aeroplanes will this year be given flying clubs by the government. It is estimated by flying officials in the national defence department.

Besides issuing two machines to each newly-formed organization, one extra machine is given for each one which the club members purchase themselves. The 16 clubs already in operation are each expected to buy a machine this year.

There are over 150 flying pilots in Canada with seven years' experience in the air, according to figures compiled by the national defence department in connection with applications now being received by the civil service commission for two positions as inspectors of civil aviation.

There is one vacancy at Ottawa and one at Regina. These are additions to the staff occasioned by the development of aviation. At present there are three inspectors. Their duties include the examination of prospective pilots, testing of machines for airworthiness and choice of locations for airbases.

Doukhobors Found Guilty

Ringleaders in Clash With Police Receive Jail Sentence

Grand Forks, B.C.—Eight Sons of Freedom, Doukhobor religious fanatics, were sentenced to serve six months each for obstructing police officers. They were found guilty by John A. Hutton and John M. Donaldson, justices of the peace. The fanatics offered no defence.

The fanatics were arrested and charged following a clash with 34 provincial police officers and 10 specials who sought to arrest Strepnikoff and Wolkien, wanted for infringement of the School Act. The Sons of Freedom attempted to prevent the arrest of their leaders, but were overcome by tear gas bombs.

Peter Verigin, Doukhobor community head, reported to have testified in these actions, was engaged in a marketing act trial. He did not figure in the case.

Parley On Import Preference Likely

But Reports Presented by President Coolidge Not Yet Received

Ottawa.—At the department of external affairs, it was stated that the reports presented by President Coolidge to congress on the subject of customs preferences on imports through Canadian ports have not yet been received. No diplomatic representations based on them have yet been made. The United States minister in Ottawa, however, brought the general situation to the attention of Premier Mackenzie King some weeks ago.

As President Coolidge informed the United States senate that diplomatic negotiations would begin with Canada on the matter, it is anticipated that there will be representations in the near future.

Plans Branch Line in B.C.

Nelson, B.C.—Notification to the public of its intention to apply at the coming session of parliament for charter rights to build a railroad link from Kootenay Landing to Proctor, B.C., is announced by the Canadian Pacific Railway in a statutory notice. The notice issued from Montreal under date of January 29, is signed by E. Alexander, secretary.

Appointed Vice President

Winnipeg.—R. S. Law, formerly of Claresholm, Alta., has been appointed to the board of directors and to the position of first vice president of the United Grain Growers, Ltd., it was announced here by Hon. T. A. Cramer, president of the company. Mr. Law succeeds C. Rice-Jones, who held the position for the past 15 years and who resigned to enter business in his own right.

Would Try New Stunt

Detroit, Mich.—Gene Lausier, who dropped over Niagara Falls in a rubber ball July 4 says he will jump off a new 45-story building here for \$25,000, with a pair of wings of his own design.

SAYS CANADA TOO KEEN

Senator Walsh of Massachusetts is waging a campaign in congress to show the United States the amount of trade which Canada is winning from the republic. He expressed the opinion that Canada was too keen and is rapidly outstripping the United States.

Figures Show Slight Increase

Twelve Per Cent. Advance in Immigration to Canada Last Year

Ottawa.—Immigration to Canada continues to show a moderate increase over that of a year ago, the total for nine months of the fiscal year up to and including December being 144,113 compared with 128,928 for the same period in 1927. The increase is 12 per cent.

The total immigration of December amounted to 5,515 compared with 4,669 in December, 1927, an increase of 21 per cent. The month's immigration included 1,476 British, 1,544 from United States, 24 Belgians, 60 Danish, 20 Dutch, 204 Finnish, 31 French, 454 Germans, 44 Norwegians, 75 Swedish, 15 Swiss and 1,490 of other races.

Of the 144,113 immigrants who came to Canada in the last nine months 82,237 were of the farming class and 14,199 were female domestic servants.

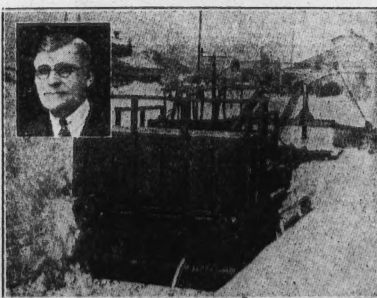

London Awaits News

Announcement of Duke of Gloucester's Engagement Expected Shortly

London.—The Daily News said it understands that the engagement of the Duke of Gloucester, formerly Prince Henry, third son of King George, would be announced shortly. The newspaper said it was believed the duke was engaged to Lady Angela Scott, daughter of the Duke and Duchess of Buccleuch.

The Daily News understood that the announcement had been delayed because of King George's illness.

CANADIAN IDEAS IN JAPAN

When K. Hashima, superintendent of rolling stock and machinery of the Sapporo district, Japanese Government Railways, was in Canada recently studying the operations of the Canadian National Railways for the benefit of the people of his own country, he was particularly interested in the methods used in clearing snow from the track. In a letter to W. A. Kingsland, general manager of the National system's western region, Mr. Hashima expressed his thanks for the co-operation given him by A. H. Eager, general

Spectators Thrilled By Parachute Jump

Two Winnipeg Airmen Brave Wind and Below Zero Weather

Winnipeg.—Braving a high north-west wind and 15 below zero weather, Flight Lieut. A. Carter and Sergt. Joe Maskell, of the Royal Canadian Air Force, thrilled 300 persons at Stevenson Aerodrome by jumping from aeroplanes, with parachutes at a height of 2,500 feet. The feat is unique in Manitoba and perhaps in Canada, considering the weather conditions.

Carter landed in a clump of trees two miles east of the point where he jumped, and a group of airmen had to rescue the parachute from the branches. Maskell also was carried far afield.

Carter's jump was the 38th of his career. He holds the record for parachute jumpers in the British Empire, having made a leap of 20,000 feet at High River, Alberta, in November, 1925.

Plan Being Endorsed

National Day of Thanksgiving for Recovery of King Is Urged

Vancouver.—A movement emanating in the province of Quebec to hold a national day of thanksgiving throughout Canada for the recovery of His Majesty King George from his recent illness, and which it was stated has the endorsement of Premier Taschereau of Quebec and other prominent men of that province, was wholeheartedly supported by Mayor W. H. Malkin and the Vancouver city council.

Winnipeg.—Endorsement of the plan to hold a Dominion-wide day of thanksgiving for the recent recovery to health of His Majesty King George was given by Mayor Dan McLean of Winnipeg.

Submits Request To League

China Wants to Protect Her People Against Opium Evil

Geneva.—The opium evil was made the occasion for another plea by China for the right to police its own territory irrespective of the nationality of offenders.

Wang King-Ky, chief representative of his country at Geneva, submitted that it was impossible to suppress the narcotic and political questions so long as China was not free to protect her own people against the acts of nationals of other powers.

Carpenter Electrocutd

Winnipeg.—William Jardine, 29, a carpenter, was electrocuted at the substitution of the Winnipeg Electric Company near Belkirk, Man., when his saw came in contact with a high tension wire.

TRAFFIC VIA CANADA'S PORTS NORMAL FACTOR

Washington.—Discriminatory tariffs against goods imported into the United States via Canadian ports is recommended by one out of three government departments which reported to the senate on the diversion of United States commerce to Canadian ports. The other two found that the movement of United States imports and exports through its neighbor's ports was caused chiefly by the normal factors of international trade and transportation and nothing much could be done about it except to discuss with Canada through diplomatic channels the possibility of putting United States ports on an equal basis with Canadian ports on imports into Canada.

The majority report which remarks at the outset that Canadians are just as much concerned at the movement of Canadian export grain through United States ports was made by the departments of state and agriculture and the Interstate Commerce Commission. It was unanimous.

The minority report was made by the United States shipping board which operates at a deficit the shipping acquired by the United States government during the war. The tone of the two reports is sharply contrasted. The majority quotes statistics to show that 27 per cent. of all Canada's exports travel through United States ports while only five per cent. of United States exports travel through Canadian ports.

Coast Wants Orient Trade

Would Gain Larger Share for Canada, Says T. S. Dixon

Ottawa.—Canadian boards of trade from the Atlantic to the Pacific are interlocking in such a way as to assure immense benefits for national commerce and fruitful results from their co-operative labor, said T. S. Dixon, president of the Vancouver Board of Trade in an address at the 72nd annual meeting of the Ottawa Board of Trade.

Within the next two years, Mr. Dixon declared, Vancouver would lead an expedition of Canadian business men into the Orient in an attempt to further increase the prestige of the Dominion in the Far East and gain a larger share of Oriental trade for the manufacturers and producers of Canada.

Manitoba House To Open February 11

Will Proceed to Take Up Business Without Usual Adjournment

Winnipeg.—The Manitoba legislature will go into session Monday afternoon, February 11, at 2 o'clock. An order-in-council fixing this date was signed by Hon. J. D. McGregor, shortly after being sworn in as lieutenant-governor.

The house will proceed with the business before it immediately after the formal opening ceremony and the reading of the speech from the throne by the new lieutenant-governor. This will be a departure from custom previously followed.

Will Not Compete

Toronto, Ont.—The ladies' high jump which was on the program of the Melrose games at New York, February 9, has been cancelled, according to a wire received by Miss Myrtle Cook. The wire said exhibitors were not permitted at these games and that Miss Ethel Catherwood has been notified to this effect. This means that Miss Catherwood will not compete in New York.

May Send Minister to States

Washington.—Negotiations for the exchange of diplomatic representatives between the United States and the Union of South Africa, were said, at State Department, to be under way. South Africa would be the third entity of the British Commonwealth to permit an ambassador to Washington. Canada and the Irish Free State are the other two.

Progress Made In Development Of the Hudson Bay Route Shown In Report Recently Published

Up-to-date information on the progress made in the development of Canada's Hudson Bay route is contained in a report recently prepared by the Natural Resources Intelligence Service of the Department of the Interior in co-operation with the Department of Railways and Canals. The objective set on the extension of the Hudson Bay Railway during 1928 was Mile 460, thus bringing the steel within 50 miles of Churchill. Actually the steel reached Mile 462 thus accomplishing all that was expected and leaving only 48 miles to be constructed during 1929 to reach the tidewater-terminus.

The mobilization of men and materials and equipment necessary to accomplish the work planned for 1928 on the railway and at the port is dealt with in the report. At the peak of operations during the season it is stated that 2,200 men were employed on the railway. At Churchill the preliminary operations on port development employed 439 men during the season and a feature of the operations was that the work was materially expedited by the use of airplanes which operated between Churchill and the end of steel.

The report points out that the visit to Churchill of Frederick Palmer, eminent British engineer, which resulted in the selection of that port as tidewater terminus, was made in August, 1927. In a little more than a year from the date of Mr. Palmer's report, the railway had been advanced 106 miles from the point at which the Churchill extension leaves the original line to Nelson at Mile 356. In the operations of 1928 the equipment used on the Hudson Bay Railway work included three steam shovels, a track-laying machine and 12 locomotives.

The past summer was a very busy one at Churchill in the construction of temporary docks and the commencement of permanent construction. During the navigation season some 16,000 tons of material sent by sea from Halifax and Sydney were unloaded at the new port and the dipper dredges, "Churchill No. 1" and "Churchill No. 2," built at Montreal especially for the work, appeared on the scene as well as the hopper barge "Chatterbox." A second hopper barge was also towed from Port Nelson to Churchill and added to the equipment.

The arrival of the dredges clears the way for an early start on extensive development this year and large supplies of materials are now on hand for prosecuting the work.

Up to March 31, 1928, there had been expended on the work at Churchill, \$897,850 and during the present fiscal year to Nov. 30 there had been a further expenditure of \$2,561,000 making a total of \$3,458,850. The expenditure on the Hudson Bay Railway up to March 31, 1928, is given as \$20,780,248 and since that date up to Nov. 30, the report states, an additional \$2,606,400 had been expended, a total of \$23,386,648. The expenditures on the railway and port during the 1928 season alone exceeded five million dollars. The cost of the railway, exclusive of ocean terminals, when completed it is estimated will be in the neighborhood of \$28,000,000.

The development of the ocean terminals will account for an expenditure of many millions more and

other work in the development of Canada's northern transportation route includes the establishment of modern aids to navigation in Hudson Bay and Strait. The aerial expedition established by the Department of Marine and Fisheries at three points on Hudson Strait in 1927 continued its reconnaissance until late in 1928 and much useful information bearing on navigation was secured. As a result strategic locations for aids to navigation are being selected and these will include direction-finding devices which will be of invaluable assistance to navigators in those northern waters.

The report on "Progress in Development of Canada's Hudson Bay Route" reviews the history of the development of the Hudson Bay transportation scheme and includes a consideration of its economic aspects and of the mileages involved in the new rail and water route from various centres in western Canada to Liverpool. The report in mimeographed form is available on application to the director, Natural Resources Intelligence Service, Department of the Interior, Ottawa.

The Careful Ones Pay

Higher Car Insurance Rates Prompted by Number of Accidents

Motorists throughout the prairie provinces will learn with interest, perhaps with something of a feeling of dismay, of the 27 per cent. increase in motor car insurance rates in these provinces.

The increase does not apply to fire or theft, but has been prompted chiefly by the growing number of collisions or accidents of other sort, and is due to representations of the insurance agencies that they have either been losing money or else have been making inadequate profit. There is nothing for motorists who insure their cars—and the great majority of them do—to but to pay the increase, but it is essentially a case of careful motorists being made to pay for the carelessness of some of their fellow drivers. The announcement of the Western Canada Underwriters' Association should add zest to the campaign for safety in the streets and on the roads and highways. Many of the accidents in which motorists figure are wholly inexcusable.

Aunt Betty (reading nursery rhyme)—"The cow jumped over the moon." Do you believe that?" Modern Child—"Certainly not. That altitude record was never officially authenticated by the A.A.U."

Phyllis—"Why are you gleaming open that letter so carefully?" Freda—"Oh, I've had a quarrel with Frank, and I want to see what he has to say before I return his letter unopened."

Farmer—"How's your rheumatism this morning, Lucindy?" His wife—"It doesn't bother me at all this morning." Farmer—"That's too bad. We need rain terribly for the crops."

Winnipeg Newspaper Union Fashion

Step-In Combination

The well-bred woman demands dainty underwear that is practical at the same time. Style No. 794 will wear indefinitely made of good quality crepe de chine, batiste, voile, heavy georgette crepe, radium silk or flat silk crepe. The two-piece combination with straight outline across the top, perforated to be trimmed with lace banding, has attached drawers with opening at center-back. It is especially easy to make, and only requires 1 1/2 yards of 40-inch material with 1 1/2 yards of 3-inch lace banding for the 36-inch size. Pattern comes in sizes 16, 18, 20 years, 36, 38, 40 and 42 inches bust measure. Price 26 cents in stamps or coin (coin preferred).

We suggest that when you send for this pattern, you enclose 10 cents additional for a copy of our Fashion Magazine, showing all the most attractive Paris styles, embroidery, etc.

Channel Tunnel Scheme Between England and France Has Once More Been Revived

Planes Return From North

Machines Cover 8,000 Miles in Search for Minerals

After an epoch-making flight into the barren lands, where air trails were blazed across the bleak wastes of the sub-Arctic in an aerial search for minerals, two cabin aeroplanes of the Dominion Explorers, Ltd., were brought to Winnipeg from The Pas by Capt. R. W. Broatch and Capt. S. McMillan.

While in the north the 'planes were in charge of Capt. Charles Sutton, former Royal Air Force aviator and mail pilot on the Cairo-Bagdad route, and Captain Broatch, pioneer of the air trails of the frontiers of Canada. They made their base at Mistake Bay, about 150 miles south of Chesterfield Inlet.

The 'planes were taken into the north country by Captains Sutton and Broatch early in the summer, flying the machines in a long hop from New York to Hudson Bay. Two Moth 'planes also were used by the exploration party in the barren lands.

During the season the cabin machines covered more than 8,000 miles between them without mishap. Many of the flights over the barren wastes were beset with dangers, but the pilots dared the hazards of an unknown land, immeasurably aiding in the quest of rich minerals.

The main party of the expedition came south some weeks ago, but will return to the barrens in March.

Jap Living Standard Low

Large Per Cent of Workers Receive Less Than Fifty Dollars Monthly

That the living standard of most Japanese is still far below that in western nations is emphasized in a report by the ministry of finance. These figures show that 93 per cent. of the wage earners of Japan receive less than \$50 a month. There are 12,000,000 registered families in Japan, and in only 6 per cent. of these is the total income between \$50 and \$200 a month. The percentage of those getting more than \$200 a month is 1.3.

The contrast to the American standard may be appreciated when it is realized that the absolute minimum for a family of four or five, according to western custom, is in the neighborhood of \$300 a month. Living expenses in Tokyo for the foreigner are acknowledged to be as high as any place in the world. The Japanese, however, must subsist largely on rice, fish and a few pickles. There can be very little expenditure for even such luxuries as heating.

Nothing angers a woman more than a man who refuses to lose his temper.

An informal poll of the British House of Commons by Sir William Bull is said to show that an overwhelming majority of the members favor the many-times-suggested English Channel tunnel.

As even more fascinating proposal than the 60-year-old project for the tunnel, also now under discussion in England, is a 21-mile channel bridge. From it travellers who have suffered the tortures of channel sea-sickness could laugh at the churning waters that caused them misery.

A channel bridge scheme was outlined 40 years ago. Competent engineers claim such a structure feasible.

But British military strategists, arguing for national security, have violently opposed the bridge project as well as the more practical tunnel through all the decades of discussions.

The question to be decided is whether the great sea altered England's isolation as a tight little island. Those who favor the tunnel say Britain is directly open to attack from the air and to siege by submarine. If they can convince the military strategists of this, the tunnel project will at last enter the field of practical politics.

Political rather than engineering difficulties always have blocked the channel tunnel.

A channel tunnel, by cutting out the steamers would save an hour and a half on the trip from London to Paris.

France never has opposed the project, for with traditional enemies just across long frontiers, an undersea tube which could not be blocked or even destroyed in case of war, presents no terrors.

Commercial companies exist both in England and in France to carry out the tunnel scheme, the cost of which is estimated at \$150,000,000.

Proved Good Neighbors

Iowa Farmers Cleared Blocked Roads to Let Doctor Through

Critically ill with influenza, Harvey Northey, residing on a farm outside of a small settlement in the state of Iowa, was unable to reach a doctor. Five miles away a physician stood ready to go to the stricken man's bedside, but was separated from him by snowbanks 12 feet high. This was the information conveyed by telephone to one of Northey's neighbors.

In short order 11 other neighbors gathered together with tractors, snowplows and hand shovels and dug an opening in the snow for the doctor to get through. These men, facing a 60-mile wind, cut through five miles of road and removed hundreds of tons of snow. The doctor was able to administer treatment that has placed Northey on the road to recovery.

Deeds such as this may not be preserved for posterity as are heroic deeds on the battlefield, bravery at sea, or triumphs of the air. But they are in every sense of the word heroes of the first water.

There will never be a decrease in the price of mistakes even though they are made in larger numbers!

At least two-fifths of England's diet consists of bread.

"You will never get permission to kiss me, and if you use force you will have to stun me first. The chloroform is on the shelf in the bathroom, first door on the left."—Korikakuren, Oslo.

"Ah, when he died he was such a beautiful yellow."
"Did your husband die of jaundice, then?"
"Not my husband—the canary!"—Peggy Gales, Yverdon.

Municipal Notes

J. T. Stewart was elected councillor for Division No. 1 of the M.D. of Rosebud by a small majority.

: Local and General :

Miss M. Thomas spent the week end in Calgary.

If you have an item of news send it in we need your co-operation.

Mr. J. Crocker the local telephone agent, is the proud owner of a new Nash car.

Mrs. M. Reid, who has been in hospital in Calgary undergoing an operation returned home on Monday evening.

Mrs. Ivor Lewis returned home on Monday after being in Calgary the past two weeks undergoing medical treatment.

A school of instruction for tractor owners and prospective purchasers will be held in W. Laut's warehouse on Saturday, March 9th.

The Presbytery at Red Deer of the United Church meets this week at Didsbury on Wednesday and Thursday, Rev. H. Young and Mr. J. R. Laut are in attendance.

We understand that "Happy" Williams as he is well known in sport circles, has entered the auctioneering business. We are not sure whether he intends holding night sales or night classes.

The new house just completed for the Atlas Lumber Co., and which was built by Walter Major is a credit to the town, and we hope Mr. and Mrs. Fitzpatrick will soon be settled down in their new home.

We may not have many boosters for our town, but its growing just the same. We hear that Mr. W. Major has purchased the four-acre west of Cathoun's property, so look out something is going to happen.

The following dances have been reserved for dances to be held in the east Crossfield community hall. Friday, March 1st, 1929 and March 15th Gentlemen \$1. Ladies free. Supper per plate 25c.

The Women's Guild of the Church of Ascension will hold their regular meeting at the home of Mrs. D. J. MacKay, on Thursday, March 7th. Will all the Members please attend as prompt as possible at 3:30 p.m.

Mr. J. H. Scott of Airdrie, was a spectator at the hockey game between Crossfield and the Shamrocks on Wednesday night. He is an enthusiastic booster of the game and a strong Airdrie rooter. He evidently believes that the wheel that squeaks the loudest is the one that gets the grease.

Tredaway and Springsteen shipped a car load of hogs on Friday last, they also shipped another car on Saturday, the last named car load were raised by C. Weber and they were considered one of the best bunch of hogs ever shipped out of Crossfield. The same firm shipped another car of hogs on Tuesday of this week.

Airdrie Defeats Crossfield Again

In a return hockey game between Airdrie and Crossfield, the former were returned winners 6 to 1. The visitors had the assistance of A. Luft and Hergerts of the Calgary Shamrocks, while Schreiner of the Calgary Tigers played with Crossfield. The visitors had a margin in play and and checked the locals to a standstill.

Kline was the outstanding player of the game, scoring five goals and assisting for the sixth. Smart was the pick of the locals, his goal saving Crossfield from a shutout. It was a scrappy game throughout. Airdrie had a better understanding of hockey and all co-operated toward the victory.

Lineup of Teams

Airdrie—J. McDowell, A. Luft, A. Lorimer, F. Borbridge, Bus Kline, H. Soper; subs, A. Hergerts, N. Fletcher.

Crossfield—Demers, A. Robert, B. Layton, J. Gager, B. Smart, A. Stevens; subs, B. Murdoch, H. McFarlyen.

Referee, Mel Reid.

Goal summary—1, Kline from Soper; 2, Kline from Luft; 3, F. Borbridge from Kline; 4, Kline; 5, Smart; 6, Kline from Fletcher, 7, Kline from A. Lorimer.

Balmorals of Calgary And Airdrie in Keen Hockey Exhibition

Loss to Balmorals

Airdrie fans were treated to a nifty hockey game Saturday night when the local team lost a 3-4 decision to the Balmorals of Calgary. It was the cleanest and fastest game of the season. The Balmorals presented a well balanced hockey machine, combining combination and back checking nicely.

The Calgarians secured a 1-goal lead in the first period, Morash, scoring the first and Schreiner the second on a pass from Stevenson, Kline on a pass from Soper scored for Airdrie.

Early in the second period Borbridge equalized on Soper's pass. This was the only goal of a sensational period.

Early in the final session Schreiner and Stevenson scored for the visitors on solo efforts. Soper gave the locals a new lease of life by skating through the entire team and pulling Fisher out of the net to score.

Both teams enjoyed a dance in the I.O.O.F. hall at the conclusion of the game. Among the ladies who provided the lunch were: Mesdames Leslie Farr, E. C. Hegy, J. J. Stewart, Ivan Sickle, J. R. McCracken, W. R. Jenkins, M. D. Soper, D. C. Sinclair, F. Lentscher, O. H. Holstad, H. Northcott, E. Duncan, W. Christensen, I. McRory, Misses Jean Semple, M. McNeill, M. Andrew and Mr. Knudsen, and Jensen.

Lineup of Teams

Balmorals—W. Fisher, J. White, W. White, D. Schreiner, A. Stevenson, A. Carr; subs, F. Morash, F. Gerlitz, J. Stockert.

Airdrie—J. McDowell, A. Lorimer, B. White, F. Borbridge, Bus Kline, H. Soper; subs, K. Borbridge, N. Fletcher.

Referee, J. Anderson.

Broom Ball

An interesting game of broom ball took place on the local ice rink on Friday evening between the locals and a team from east community hall. The town winning by a score of 5 to 2. The losers entertained the winners after the game at the Oliver Cafe.
